Forward-looking statements generally can be identified by the use of forward-looking terminology such as "outlook", "objective", "may", "will", "would", "expect", "intend", "estimate", "anticipate", "believe", "should", "plan", "continue", or similar expressions suggesting future outcomes or events. Such forward-looking statements reflect management of the Trust's current beliefs and are based on information currently available to management of the Trust at the time such statements are made. Management of the Trust's estimates, beliefs, and assumptions are inherently subject to significant business, economic, competitive and other uncertainties and contingencies regarding future events and as such, are subject to change. All forward-looking statements in this presentation are qualified by these cautionary statements.

Forward-looking statements contained in this presentation are not guarantees of future events or performance and, by their nature, are based on Boardwalk's current estimates and assumptions, which are subject to risks and uncertainties, including those described in Boardwalk REIT's Annual Information Form for the year ended December 31, 2023 ("AIF") dated February 21, 2024 under the heading "Challenges and Risks", which could cause actual events or results to differ materially from the forward-looking statements contained in this presentation. Those risks and uncertainties include, but are not limited to, those related to liquidity in the global marketplace associated with current economic conditions, tenant rental rate concessions, occupancy levels, access to debt and equity capital, changes to Canada Mortgage and Housing Corporation ("CMHC") rules regarding mortgage insurance, interest rates, joint arrangements/partnerships, the relative illiquidity of real property, unexpected costs or liabilities related to acquisitions, construction, environmental matters, uninsured perils, legal matters, reliance on key personnel, Unitholder liability, income taxes, and changes to income tax rules that impair the ability of Boardwalk to qualify for the REIT Exemption. This is not an exhaustive list of the factors that may affect Boardwalk's forward-looking statements. Other risks and uncertainties not presently known to Boardwalk could also cause actual results or events to differ materially from those expressed in its forward-looking statements. Material factors or assumptions that were applied in drawing a conclusion or making an estimate set out in the forward-looking statements may

include, but are not limited to, the impact of economic conditions in Canada and globally, the REIT's future growth potential, prospects and opportunities, interest costs, access to equity and debt capital markets to fund (at acceptable costs), the future growth program to enable the Trust to refinance debts as they mature, the availability of purchase opportunities for growth in Canada, the impact of accounting principles under IFRS, general industry conditions and trends, changes in laws and regulations including, without limitation, changes in tax laws, increased competition, the availability of qualified personnel, fluctuations in foreign exchange or interest rates, and stock market volatility. Although the forward-looking statements contained in this presentation are based upon what management of the Trust believes are reasonable assumptions, there can be no assurance actual results will be consistent with these forward-looking statements and no assurances can be given that any of the events anticipated by the forward-looking statements will transpire or occur at all, or if any of them do so, what benefits that Boardwalk will derive from them. As such, undue reliance should not be placed on forward-looking statements. Certain statements included in this presentation may be considered "financial outlook" or "future oriented financial information (FOFI)" for purposes of applicable securities laws, all of which are subject to the same assumptions, risk factors, limitations and qualifications as set forth above. The actual results of operations of the Trust and the resulting financial results will likely vary from the amounts set forth in this presentation and such variation may be material. Boardwalk REIT and its management believe that the FOFI contained in this presentation has been prepared on a reasonable basis, reflecting management of the Trust's best estimates and judgements. However, because this information is subjective and subject to numerous risks, it should not be relied on as necessarily indicative of future results. FOFI contained in this presentation was made as of the date of this presentation and was provided for the purpose of providing further information about the Trust's anticipated future business operations. Readers are cautioned that the FOFI contained in this presentation should not be used for purposes other than for which it is disclosed herein.

Except as required by applicable law, Boardwalk undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events, or otherwise.

Non-GAAP Measures
Boardwalk REIT ("the Trust") prepares its consolidated financial statements in accordance with International Financial Reporting Standards ("IFRS") and with the recommendations of REALPAC, Canada's senior national industry association for owners and managers of investment real estate. REALPAC has adopted non-GAAP financial measures that Management of the Trust considers to be meaningful and useful measures of real estate operating performance, however, are not measures defined by IFRS. The list below outlines these measurements and the other non-GAAP measures used by the Trust in this presentation. These non-GAAP measures are not standardized financial measures under IFRS and might not be comparable to similar financial measures disclosed by other entities. Non-GAAP measures should not be construed as alternatives to IFRS defined measures. For more information, including definitions and reconciliations of these non-GAAP measures, please refer to the section titled "Presentation of Non-GAAP Measures" in the Trust's Management's Discussion and Analysis for the three and nine months ended

September 30, 2024 and 2023.
